💡 Jargon detected: comprehensive educational frameworks – instead use overall education plans React UX Analyzer(RUX201)  
Action: Use words, phrases, and concepts familiar to the user, see LLM answer.  
Why: Users should understand meaning without needing to look it up.  
Heuristic: Nielsen #2: Match Between System and the Real World (RUX201)  
More info: <https://www.nngroup.com/articles/match-between-system-and-the-real-world/>

⚠️ Jargon detected: locus – instead use key place React UX Analyzer([RUX201](#)) [Zeile 13, Spalte 1] ^  
Action: Use words, phrases, and concepts familiar to the user, see LLM answer.  
Why: Users should understand meaning without needing to look it up.
